

# ERA Awards 2025

CIRCULAR

## Call for Nominations for the Corporate Award for Environmental Innovation and Sustainability

The Environment and Resources Authority (ERA) is pleased to launch the **ERA Awards 2025**, celebrating contributions to environmental sustainability efforts in Malta. These awards recognise individuals, businesses, voluntary organisations, public entities, and educational institutions driving positive environmental change.

The award categories include the:

**Buonamico Award** – Recognising individuals whose contributions to academia, entities, and authorities in the environmental field have been valuable yet often undervalued.

**Special Recognition Award** – Honouring individuals who act as catalysts of change in the green transition.

**Corporate Award for Environmental Innovation and Sustainability by the Private Sector** – Acknowledging businesses implementing innovations and sustainability initiatives that go beyond regulatory requirements.

**Environmental Stewardship Award for Voluntary Organisations** – Recognising voluntary organisations leading impactful environmental initiatives.

**Green Public Leadership Award for Public Entities** – Rewarding public entities that lead by example in environmental sustainability.

**Green School Scheme for Educational Institutions and Learning Programmes** – Supporting educational institutions fostering sustainability culture through eco-projects.

The **Corporate Award for Environmental Innovation and Sustainability** is intended to recognise initiatives or innovations implemented by private companies to contribute to their environmental sustainability, while also supporting the achievement of Malta's national environmental objectives, such as in terms of air quality, waste management, and biodiversity. The award recognises efforts that exceed relevant environmental regulations and standards and allow for community engagement. All private companies are being invited to submit nominations and share the work that you are doing to lead by example in creating a more sustainable future. Details on the eligibility and selection criteria and how to apply for this award and the others are available on [era.org.mt/era-awards](https://era.org.mt/era-awards).

HOW TO APPLY

Submit nominations via [era.org.mt/era-awards](https://era.org.mt/era-awards)  
by **8th June**.
